see: R Package for Visualizing Statistical Models

Daniel Lüdecke[1], **Mattan S. Ben-Shachar**[2], **Indrajeet Patil**[3], **Philip Waggoner**[4], **and Dominique Makowski**[5]

1 University Medical Center Hamburg-Eppendorf, Germany **2** Ben-Gurion University of the Negev, Israel **3** Center for Humans and Machines, Max Planck Institute for Human Development, Berlin, Germany **4** University of Chicago, USA **5** Nanyang Technological University, Singapore

Summary

Featuers

Visualizing parameters of a model

Visualizing model fit

Visualizing comparison of multiple models

Licensing and Availability

see is licensed under the GNU General Public License (v3.0), with all source code stored at GitHub (https://github.com/easystats/see), and with a corresponding issue tracker for bug reporting and feature enhancements. In the spirit of honest and open science, we encourage requests, tips for fixes, feature updates, as well as general questions and concerns via direct interaction with contributors and developers.

Acknowledgments

see is part of the collaborative *easystats* ecosystem. Thus, we thank the members of easystats as well as the users.
